

PROGRAMAÇÃO ABEC 2024

Realização

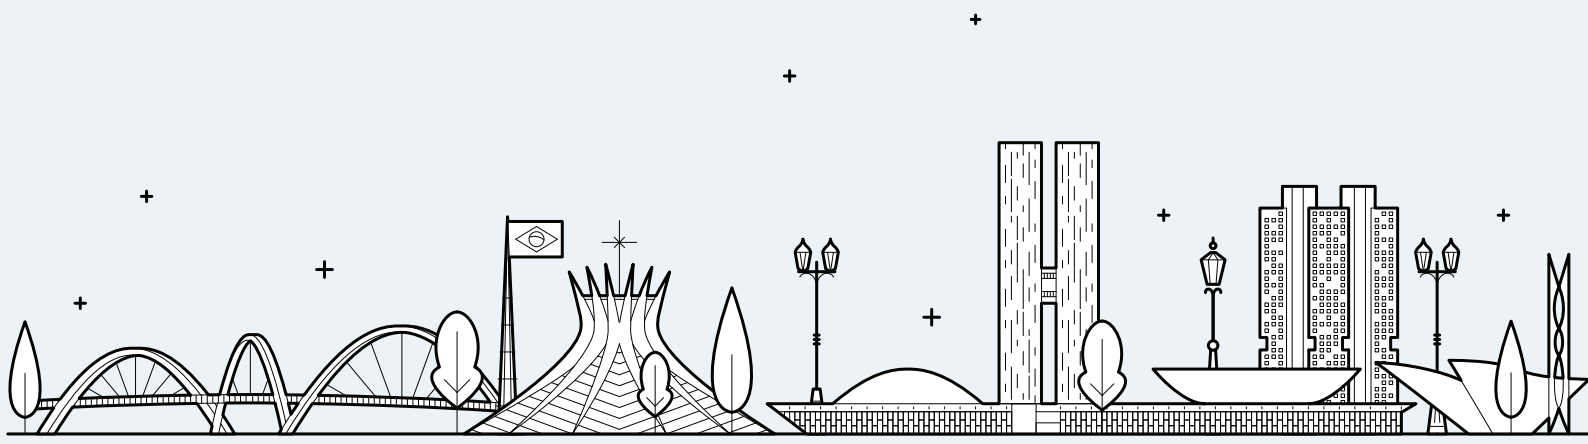

Organização

31 DE JULHO DE 2024 - Abertura

	Main Auditorium	Auditorium 1	Auditorium 2
15:40 16:00	OPENING OF THE EVENT	14 - 16h Wet lab pré congresso	CONDUCTION SYSTEM PACING ON DEMAND Live transmission/video transmission with
16:00 16:30	GRAND LECTURE CONDUCTION SYSTEM PACING: CONCEPTS, CURRENT STATE AND FUTURE PERSPECTIVES	Watch Grand Lecture in the Main Auditorium	Watch Grand Lecture in the Main Auditorium
16:30 17:00	GRAND LECTURE Renal Denervation: Back in Prime Position?	Watch Grand Lecture in the Main Auditorium	Watch Grand Lecture in the Main Auditorium
17:00 18:00	SATELLITE SYPOSIUM	SATELLITE SYPOSIUM	PRE-CONGRESS EDUCATIONAL COURSE
18:00 18:30	INTERVAL/VISITATION TO EXHIBITION HALL		
18:30 20:00	ROUND TABLE NEW CHALLENGES IN LEAD EXTRACTION 1. Extraction Of Leadless Pacemakers: Do We Have the Tools For It? 2. How To Manage Extraction Of Lumenless Leads Without Locking Stylets 3. Is It Safe to Extract Deep Septal Leads? 4. Is the Pisa Technique The Safest Way To Avoid SVC Rupture? 5. Discussion	ROUND TABLE RECURRENT AF/AT POST ABLATION 1. Findings of Remapping of AF/AT 2. AF/AT Recurrence With Proven Isolated PVs - What Else Can Be Done? 3. Best approach on mapping and ablation in Persistent AF: Voltage-mapping? Non-PV trigger mapping? VOM/anatomic lines? CAFEs/AF Nests? 4. Premature recurrence. How/When to consider a new ablation procedure? 5. Discussion	PRE-CONGRESS EDUCATIONAL COURSE

01 DE AGOSTO DE 2024 - Manhã

	Main Auditorium	Auditorium 1	Auditorium 2
08:30	ROUND TABLE	ROUND TABLE	ALLIED PROFESSIONAL SESSIONS
09:40	CONDUCTION SYSTEM PACING	CONTROVERSIES IN ATRIAL FIBRILLATION	
	<ol style="list-style-type: none"> 1. Eligible Patients For Physiological Pacing 2. His Bundle Pacing – Technique Challenges And Troubleshooting 3. Left Bundle Branch Area Pacing (LBBAP) – Obstacles, Benefits And Potential Complications 4. Future Perspectives For Physiological Pacing: Can Better Tools be Expected? 	<ol style="list-style-type: none"> 1. Successful Catheter Ablation Of Atrial Fibrillation In A Male With CHADS-VASC Score Of 2: Stop NOAC! 2. Successful Catheter Ablation Of Atrial Fibrillation In A Male With CHADS-VASC Score Of 2: Stop NOAC! 3. Ischaemic Stroke Despite Ablation And NOAC Prescription: Time For LAA Closure! 4. Ischaemic Stroke Despite Ablation And NOAC Prescription: Time For LAA Closure! 	
09:40	INTERVAL/VISITATION TO EXHIBITION HALL		
10:20			
10:20	ROUND TABLE	ROUND TABLE	ALLIED PROFESSIONAL SESSIONS
11:30	CARDIAC PACING TO PROMOTE VENTRICULAR SYNCHRONY	LEFT ATRIAL APPENDAGE CLOSURE	
	<ol style="list-style-type: none"> 1. Pacemaker induced cardiomyopathy 2. Current Clinical Data For HBP and LBBAP in Heart Failure 3. When to choose LOT-CRT? 4. Left Ventricular Endocardial/ Epicardial Pacing - Are they good options for CRT? 	<ol style="list-style-type: none"> 1. Current And Future Devices For LAA Occlusion 2. Device-related Thrombosis: Prevalence, Predictors And Management 3. Should All LAA Device Leakages Be Closed? 4. AF Ablation Plus LAA Closure Is The Future? 	
11:30	GRAND LECTURE		
12:00	Cardioneuroablation: Technique And Target Population		
12:00	SATELLITE SYMPOSIUM	SATELLITE SYPOSIUM	
13:00			

01 DE AGOSTO DE 2024 - Tarde

13:00 13:30	INTERVAL/VISITATION TO EXHIBITION HALL		
13:30 14:40	ROUND TABLE PRIMARY PREVENTION OF SUDDEN CARDIAC DEATH IN PATIENTS WITH STRUCTURAL HEART DISEASE - WHEN TO INDICATE AN ICD 1. Ischaemic Heart Disease 2. non - ischaemic Cardiomyopathy 3. Chagas Cardiomyopathy 4. Channelopathies	ROUND TABLE VENTRICULAR TACHYCARDIA 1. Early Management Of Electrical Storm In Device Patients 2. Papillary Muscle PVC/VT vs Fascicular Reentry VT: Differential diagnosis 3. Tips And Tricks For Successful VT aAblation At Unusual Locations 4. VT ablation in Chagas Disease: Important Aspects	ALLIED PROFESSIONAL SESSIONS
14:40 15:00	INTERVAL/VISITATION TO EXHIBITION HALL		
15:10 16:20	ROUND TABLE UPDATES ON NEW ICD 1. Cardiac Contractility Modulation - What do Clinical Trials Say? 2. Current Indications for S-ICD and extravascular ICD 3. Home monitoring ICD - dream or reality? 4. Leadless Pacemakers: AV and Truly Dual-Chamber Devices	ROUND TABLE HOW TO TREAT (INTERACTIVE CLINICAL CASES) 1. CASE 1 2. CASE 2 3. CASE 3	ALLIED PROFESSIONAL SESSIONS
16:30 17:40	SESSÃO DE TEMAS LIVRES ORAIS	QUIZ - TRAÇADOS ELETROCARDIOGRÁFICOS	

02 DE AGOSTO DE 2024 - Manhã

	Main Auditorium	Auditorium 1	Auditorium 2
08:30 09:40	<p>ROUND TABLE</p> <p>IN-HOSPITAL MANAGEMENT</p> <ol style="list-style-type: none"> 1. Syncope and sinus bradycardia at the emergency room. What to consider before hospital discharge? 2. Managing HF Patients with recurrent arrhythmias at the ICU. 3. The importance of a multidisciplinary team when treating an Afib patient 4. How does the echocardiogram help in optimizing CRT? 	<p>ROUND TABLE</p> <p>PROBLEMS WITH ICD THERAPY</p> <ol style="list-style-type: none"> 1. How Do We Manage Damaged Leads: Extraction Or Simply Implant a New One? 2. Inappropriate ICD Shocks: Identification of The Cause And Proper Conduct 3. How Do We Tackle Upgrades From Conventional Pacing to CRT-D Devices In The Face of Venous Obstruction? 4. Troubleshooting: solving programming issues. 	<p>ALLIED PROFESSIONAL SESSIONS</p>
09:40 10:20	<p>INTERVAL/VISITATION TO EXHIBITION HALL</p>		
10:20 11:30	<p>ROUND TABLE</p> <p>UPDATE ON HEART FAILURE</p> <ol style="list-style-type: none"> 1. Pharmacological Therapy: What Is The Standard Prescription To Avoid Polypharmacy? 2. Pacing For Heart Failure: Biventricular Pacing vs CSP 3. Current Evidence For The Use Of Cardiac Contractility Modulation 4. Cardiac Transplantation: Target Population And Results 	<p>ROUND TABLE</p> <p>ABLATION OF VT IN STRUCTURAL HEART DISEASE</p> <ol style="list-style-type: none"> 1. Early Ablation Should Be Routine? ICD and Ablation? 2. Induce VT Or Ablate in Sinus Rhythm? 3. Endocardial vs Epicardial Ablation 4. Unravelling 3D Mapping: Tips and Tricks 	<p>ALLIED PROFESSIONAL SESSIONS</p>
11:30 12:00	<p>Grand Lecture: Evolution And Future Of Leadless Pacing</p>		
12:00 13:00	<p>SATELLITE SYMPOSIUM</p>	<p>SATELLITE SYMPOSIUM</p>	

+

02 DE AGOSTO DE 2024 - Tarde

13:00	INTERVAL/VISITATION TO EXHIBITION HALL		
13:30			
13:30	ROUND TABLE	ROUND TABLE	
15:00	CRUEL DOUBTS	LAB NIGHTMARES	
	<ol style="list-style-type: none">1. How To Manage Implantable Cardiac Devices In Patients Undergoing Radiotherapy.2. Saffety and Efficacy Of Exersice Training In Patients With ICDs.3. Pacemaker Explantation. Is There Any Situation To Consider It?4. Incompatibility Between Pacemaker And Lead. Is It A Real Problem For Carrying Out Magnetic Resonance Imaging?	<ol style="list-style-type: none">1. Acute and Late Cardiac Tamponade: How To Manage.2. Atrial Aesophageal Fistula. How to prevent it? Is There Any strong Predictor3. Device Infection And Its Complications.4. Post-Procedurural Embolism.	
15:00	END OF CONGRESS		
15:20			

Realização

Organização

* Esta é uma programação prévia do 2º Congresso Internacional de Arritmia, Eletrofisiologia e Estimulação Cardíaca Artificial da ABEC, a mesma poderá ser alterada em função das agendas de nossos palestrantes.
